Section 3513.02 of the Revised Code of Ohio provides that a municipal partisan primary election shall not be conducted under certain circumstances. No primary election will be conducted for a particular political party, if in accordance with R.C. 3513.02, the following occurs:

- No valid declaration of candidacy is filed by a candidate of a political party for election to any of the offices to be voted for at the general election in that year, or
- Not more than one party declaration of candidacy is filed for each office to be voted upon at the general election.

However, if the only office for which there is a primary contest is member of council in a ward, then a primary election will be held for that party only in the ward in which there is a contest, and only the names of the candidates for that ward office will appear on the party’s ballot.
